

AGES 3–10

THE ULTIMATE KIDS ROUTINE & CHORE SYSTEM

Routines • Chores • Rewards • Money • School • Screen Time

**55 Printable Pages to Bring Calm, Structure & Motivation
to Your Family's Everyday Life**

*A printable system for parents who want less chaos
and more connection — one checklist at a time.*

Welcome & How to Use This System

Everything you need, organized by category

This kit brings together six areas of family life — daily routines, chores, rewards, money, screen time, and school — into one printable system for kids ages 3 to 10.

You don't need to print every page. Pick the charts that solve today's biggest struggle first (mornings? bedtime? chores?), print those, and add more as you go.

Each chart works for one child. For siblings, print an extra copy per child, or use the Chore Rotation Chart in the Chores section to manage several kids on one page.

- Print on standard 8.5×11" paper
- Slip pages into a binder or plastic sleeves for reuse with dry-erase markers
- Let your child help fill in and decorate their own charts

Choose Your Household Style

Not every family runs the same way — and that's fine

Every family is different, so this system offers more than one way to run routines and chores. Read the three styles below and pick the one that matches your household, or mix and match.

- **STRUCTURED HOUSEHOLD:** Use the Weekly Chore Chart + Daily Routine at a Glance for a consistent, predictable schedule.
- **MOTIVATION-FIRST HOUSEHOLD:** Lead with the Star/Points Tracker and Reward Chart so effort is visibly celebrated.
- **FLEXIBLE HOUSEHOLD:** Use the blank Family Routine Planner and Chore Rotation Chart to adjust week to week.

Words to Reflect On

A quiet pause before the checklists begin

On the Child's Own Way

A child isn't a blank page for our fears and expectations to be written on.

— inspired by J. Krishnamurti

On Letting Go

Your child came through you — not from you. They carry their own path.

— inspired by Osho

On Presence Over Instruction

Children learn less from what we say and more from how we live.

— inspired by Sadhguru

Take a breath, parent. You're doing better than you think.
